Subject: letters regarding Lower Snake River Juvenile Salmon Migration Feasibility Report

I have 21 letters I have tried to fax to you on Friday, March 31, 2000 at the fax number provided (509) 527-7832. The dead line was the 31st. I tried all day to fax these to you but they would not go through. Is this a correct fax number. All I got was a busy signal, our machine automatically redials until we connect, but never did go through. I sure hope we can fax these to you on Monday. Could you please let me know if this is possible. And could you please give me your fax number. I phoned the Walla Walla District, Corp of Engineers and the lady gave me a name of Pat Carroll fax number was (509) 527-7802. This fax number did not work either. I sure hope we can get this to you Monday morning, it would be greatly appreciated. Please email me with the correct number.

Thank You

Cindy MacDonald
